For Immediate Release:

### **American Screen Graphics Continues Support Of PGM Racing For Kentucky**

Porter, TX.....PGM Racing, which fields the #03 ARCA Re/Max Series Chevrolet driven by Stephan McCurley, will be getting continued support from American Screen Graphics for the ARCA Re/Max for the Drive Smart Buckle Up Kentucky 150 at the Kentucky Speedway on May 9<sup>th</sup>. The red white and blue ASG colors will once again be flying on the #03 for the Kentucky weekend.

The PGM team will be giving out **FREE** official PGM Racing team t-shirts, hats and more goodies to the first **200** fans in line for autographs for their team at the meet and greet at this event. American Screen Graphics, (ASG) designs and produces all the custom screen printed and embroidered team apparel.

Eighteen year old McCurley, a 2009 ARCA Re/Max Series Rookie of the year candidate will also autograph the PGM T-shirts for the fans. The team has been giving out the apparel at every event so far on the 2009 ARCA schedule, and will continue to do so all season. Each race the design of the T-shirt will be different, and will promote any new sponsors that join the team.

“We would like to take time to say Thank You to our sponsors ASG, Royal Purple and Porter Glass for their continued support.” States team owner Donny Kelley. “American Screen Graphics row with PGM Racing has been overwhelming. The response that we get from the complimentary shirts at each event from the fans has continually increased our shirt sales online. Our promotion with the shirt giveaway is a great marketing tool and fantastic exposure for any sponsor that would like to come aboard. Royal Purple Oil products I would put up side by side with any. Their continued support and development has proven them to be by far the best.”

The PGM Racing website is offering a full line of custom merchandise and will have several different t-shirt designs available for fans and collectors throughout the season.
